

## **Annex 9 – Various Statements**

The following are statements given to the police by various eyewitnesses present at the May Ball. Each statement was given by a different individual.

Date recorded: 15 July 2021

Time recorded: 2300h

*"... Yoshi and Toad had a massive fight in the middle of the Hall. I think it was because Toad was bragging about making out with Yoshi's girl. Bit shit of him to be fair. Anyway, if I'm not wrong, Yoshi was sitting near to him. He heard this and things naturally escalated. I even overheard Yoshi saying this: 'I accept that your family name is worth more than mine, but I would put to you that my family estate is worth more than yours. She deserves better, and I wish you were dead'. That deserves to go on Overheard at Oxbridge or Camfess actually. They then took it outside the Hall, and I have no idea what happened next..."*

*"Waluigi? Yeah I saw him at the Dinner. Funny because I normally never really notice what the guy does, always lurking around and stroking that moustache of his. I swear he always looks like he is up to no good. If I'm not wrong, he said he was going to use the toilet, just before the big spat happened. You've heard about the spat, haven't you? Anyway. He was gone for a really long time. Like. Longer than one would normally use the toilet. And he didn't even come back into the Hall before the body was discovered. Poor Toad. He was a good lad. Didn't deserve to go this way. But yeah. Waluigi? A bit sus if I should say so myself."*

*"Trinity May Ball this year was actually great – so much better than John's! If only someone didn't literally die."*

*"Ah yes I am good mates with Wario. We were sat at the same table together throughout the dinner and had a jolly good time. He did leave the Hall to go for a smoke, and I didn't see him afterwards. But whatever, he is a bit of a BNOC and tends to just disappear at these events. Probably just found another group of friends and left for a sesh in another College. Lucky lad didn't have to be sat there on the backs doing nothing for hours while they investigated. Not sure how he got out though I was literally by the entrance as the body was discovered and they all got automatically locked electronically. I suppose he was already out of College having a smoke on Trinity Street, as you do. Should've joined him when he asked me to go actually."*

*"I actually have no idea what happened. It was all fun and games. Suddenly there was a bit of a commotion towards the front of the Hall between these two folks. Couldn't be arsed about what was going on, though. Though I have heard that the little green guy whatever his name is, always had it out for poor Toad"*
